The Hornet. Deep Creek High School, Portsmouth.

For a first entry, this is quite a creditable job. Your format and makeup are generally good. The art work, especially the lettering, and the photography is not so good. More care and more polish are needed in the lettering. The rhymes about the senior class are weak, but "Looking Ahead Ten Years" is original. We noted too much variation in type sizes. The ideas of printed autographs in the back is interesting. You need more experience, but should be producing a fine annual in a few years.

Very Good

Mr. Richard Fletcher, Executive Secretary
Virginia Literary and Athletic League

Dear Mr. Fletcher:

I am today sending you a copy of the Deep Creek High School annual "The Hornet." I hope that this annual will not be too late to be entered for judging. There was some misunderstanding between the sponsor and myself as to having the annual sent. She had been requested to send the annual before the close of school, but misunderstood and thought that it was going to be sent by me.

We had 160 copies of our annual made at a cost of \$1225. The sale price of our annual was \$3.00 each. Our charge on advertisement was \$20 a page, \$12.50 a half page, \$7.50 a quarter page, and \$5.00 for an eighth of a page. A charge of 50 cents was made on each individual picture when taken for a club or some other group. We net \$259.25 on the annual; however, I think too much charge was made for the annual to the students, but at the time we set our price we felt it would be necessary.

All the art work was done by pupils.

This is the first annual that we have published. We are very desirous at having this entered and would appreciate any criticism or suggestions which the committee may have.

Sincerely,

J. J. Booker, Jr.

Foreword

THE ANNUAL STAFF proudly presents this first edition of our High School annual. Deep Creek first became a high school in 1911, and held its first Commencement the same year. Those graduating were Thomas Whitehurst, Mattie Fleming, and Waldeman Weiss. It is the oldest of the present county high schools and numbers among its graduates veterans of two World Wars. Since 1911 a long line of graduates has passed through its doors into the world to become useful citizens—to be exact 434.

Those first student bodies made many beginnings in sports, dramatics, literary events, improving high school facilities and ground, and scholarship. It was their job to lay the foundation for later students to build upon. This they did in spite of difficulties more insurmountable than we of later years imagine.

Down through the years succeeding students have kept old activities going and pioneered in new fields of interest. This year for the first time a student body had undertaken the huge task of a School annual. It is just a small beginning but we feel it is an important one for our school. We hope that future students will continue having an annual and will find help from this one. If they do, then we feel that we have earned a place in the long line of student bodies since 1911.

The staff, therefore, wishes to show its sincere appreciation to the older students for the many fine things they did, and to the present student body for its loyal and willing cooperation in this undertaking by dedicating this first edition to all the student bodies both past and present.

Class History

It was fall of 1942, that brought this Senior Class together. The pupils from Gertie, Sunray, and Deep Creek numbered 75. The class was then divided, Miss Margaret Rice taking the A section, and Miss Ruth Lawson taking the B section. Besides having to admit we had lots to learn, we got along just fine.

Entering the second year proved quite interesting for us under the supervision of Mrs. Moon and Mrs. Deal. Each section elected class officers and selected the subjects they wished to take. Then we settled down for our new year of school life. During the time, we lost our history teacher, Miss Henry, for whom the wedding bells rang. For a long time, we had no regular teacher, until Mr. Mashburn came along. Minstrel time came and for queen we elected "Fuzzy" Rice. Posters and boxes were made and distributed. We were determined to make her Queen. We did!

The most interesting class we had was under Mrs. Moon, Algebra! There were certain things she said "I am just not going to have." And so we learned to obey the rules. All in all "the wise fools" made out pretty good.

With the loss of pupils from year to we entered our Junior year with thirty-two members. Our home room teacher was Miss Bordner. Class officers were elected as follows: president, Kenneth Berry; vice-president, Virgil Kee; secretary, Merele Culpepper; treasurer, Fred Spencer. After getting accustomed to being Juniors, we decided to have a play. "Mama's Baby Boy," with Larry Widner taking the leading role. With our sponsor's help and practice the play was a great success. The time soon came for our Prom. After many suggestions, the hall was decorated as a roof garden. We hope the Seniors enjoyed the affair as much as we enjoyed giving it. Before the year was over there was a touch of seriousness learned from taking responsibility.

With thirty pupils we started our Senior year. During the year we gained four new pupils, Kenneth Walski, Alice McCoy, Tommy Watkins, and Carol Vickers, making a total of thirty-four pupils. Class officers were: president, Kenneth Berry; vice-president, Larry Widner; treasurer, Jennie Kowalewski; secretary, Kenneth Walski; chaplain, Mary Ellen Jennings; sponsor, Miss Margaret Ramsey. In addition to the regular business of Seniors we had our work on the annual. As we bid farewell, we wish our classmates a successful, happy life.

PAUL STEWART (Class of '46).

The Cheerleaders, like the football boys, began practicing in September. They do much to boost the morale of the players and the spectators.

Because the Cheerleaders are such an important group we feel they make a fitting introduction to our sports section. During the war we were not able to have them. Now it is our wish that we will be able to participate in more sports and put our teams where we think they belong—on top.

The football team of Deep Creek High School did not have as successful a season as we wished. The team played very hard with their hearts and hands but did not have a winning team. The team was very lucky to have Mr. Deal as coach. He had very little to draw from and did extraordinarily well with what he had. At the start of the season we had thirty men out for the team. After we started practicing the boys dropped a few at a time. At the end of the season we had only fourteen left.

This year is the first in many years that the girls have had a basketball team. The girls were green but game. They were wonderful sports all through the season, and lived up to the old saying: "It is better to be a good loser than a bad winner." The team expresses its thanks for the help and fine coaching of Mr. Brown.

This is the first basketball team that the Deep Creek boys have had in two years. Our two coaches, Mr. Brown and Mr. Pierce, were very helpful and capable.

The most exciting game was the one against Hickory. It was a fast game and both teams played hard. However, Deep Creek led in scoring all through the game. At the half the score was 12 to 10. The final score was 24-18 in favor of Deep Creek.
